

Master Key System (MK) The universal "Master Key" allows the IT Manager to open any locker on top of their corresponding key.

This optional key is available for any series of 20 antitheft cables (not available for Corporate cables)

MASTER Key

Information security is at the heart of every debate today, however it doesn't do everything to protect the IT devices themselves. To fight against IT equipment theft, the most efficient method remains as deterrence. The Mobilities® cable range address this issue with high quality and very cost effective products.
